IS HIGH SCHOOL ENOUGH?

In today's fast pace, can
a high school education
really be enough?

Two-year colleges are the
fastest growing, most
exciting form of higher
education to develop
in this century.

Junior colleges are designed
to meet the needs of those
who plan to seek job
opportunity and to prepare
those who are planning to
further their education
on a higher level.

**EAST CENTRAL JUNIOR
COLLEGE - modern and on
the move upward!**

20 Years Decatur Has Grown Into Leading Dairy and Trade Metropolis (Paper dated 1950)

By AUSTIN McMURCHY

Decatur has IT!

his town with a personality has made the greatest
s of growth during the past 20 years, although it is an
own established in 1836.

he spark of its development has been an energetic and
courageous leadership and a citizenry that has kept pace with
mes.

oday one finds in this county seat of Newton county,
population of about 1800, many new homes, Methodist
Baptist churches, a modern school plant, East-Central
r College, a modern thriving business section ringing
urthouse square, a modern Negro school, and a country-
f rolling pastures which feeds many registered cattle in
xpanding dairy industry.

In addition to these attributes, Decatur also has a new
rock auction barn which is aiding the growth of beef and
industries in the area and a county cold storage plant.
large pasture improvement program of the surrounding
pulpwood and timber also add to the livelihood in the
ur section.

Trade Appreciation Day" each Saturday in Decatur is
e. It not only stimulates trade in the stores of the town,
also rewards purchasers in the local stores. Merchants
rate by contributing to the "jackpot" and tickets are
n at random. The winner may get a trade certificate
for five to fifty percent of the "jackpot," which usually
about \$100 or more.

the town's Exchange club
as its Chamber of Com-
e, and negotiations are
t way to locate at least
small industry there.

atur today has assessed value
ut \$350,000 and a 20 mill tax
Bank deposits in December,

water lines were recently laid
new Negro school of which
wn is justly proud.

Began In 1835
atur's history began in 1835
organization of the town was
e. The first courthouse was
n 1838. It was burned in 1864
Sherman's march to the sea
Civil War. Many old records

were burned. The second courthouse was built in 1868 and also
was later burned, this time by a
man under indictment, according to
older citizens. The third time the
courthouse was rebuilt in 1878, and
was burned in 1910.

The present courthouse, fourth
structure on the same site, was
erected in 1911.

The first sheriff of the county
was Hullen Redwine. The first
store located in the town was
an old lean-to saloon and grocery
which was built onto two
growing trees, according to legend.
The oldest house in the
county is reported to be the
Alexander Graham home which
was completed in 1828. He was
an early farmer. The building
is still standing six miles east
of Decatur.

It was on the streets of Decatur,
between the present site of the
Methodist church and the junior
college, that Colonel W. A. Mont-

gomery, Hinds county civil war
leader, was wounded during a
skirmish, according to lore recounted
by H. R. McMullen.

Modern Attitudes

Only this week Mrs. Bart Herring-
ton, widow of the sheriff who
died in office, was elected chief
law enforcement officer of the county
over eight opponents in a special
election. This, taken with other
things, shows the liberal and modern
attitudes of the citizens.

The modern white elementary
school plant was completed four
years ago, after the former structure
burned. Busses bring in students
from a wide area. Enrollment
is about 500.

Junior College

East Central Junior college, one
of the better junior colleges in the
state, was founded in 1928.

It began with three buildings and
a faculty of two. Today it has 12
new buildings and faculty of 45.
Enrollment in the first semester
was about 20, and today enrollment
totals about 600.

The school is headed by L.

O. Todd, president since 1934.
All college teachers have masters
degrees. A new music and
art department have recently
been added, and the athletic
program is among the best with
teams of the school (known as
Warriors) making good showings
in conference competition.

A new shop department at the
school and the vocational agriculture
programs also are popular.

The school is presently construct-
ing a two-story student center
building. The plant and property of
the school is conservatively valued
at about \$1,000,000.

Support of the school is given by
tax levies in five counties: Newton,
Scott, Leake, Neshoba and Winston.
Many extra-curricular activities and
student aid plans are available.

The school bids for students with
its annual "Senior Day" event, in
which seniors from the high schools
in the five counties are brought in
and treated to a meal and entertainment
and tours of the school
conducted by junior college students
from their home towns. About 1600
are expected for the event this year.

Neighboring Towns

The town is accessible to other
neighboring towns by modern
roads, and Gulf, Mobile and Ohio
freight line serves the community.
The neighboring cities are Union,
Newton, Conehatta (site of an
Indian reservation), Hickory, Strat-
ton, Little Rock and Beulah Hubbard
(a large consolidated school
district).

Decatur's growth was aided by
two things, the advent of the junior
college and the election of young
men on the town board.

Present city officials are: Mayor

Alex Munday, Alderman J. Thomas
Giles, Alderman G. E. Crawford,
Alderman A. J. Blackburn, Alder-
man Alton Graham, City Clerk M. S.
G. G. Keith, Special Police Officer
Bill Spivey, Alderman J. R. Pace,
City Attorney W. H. Johnson, and
Marshall J. T. McMullen.

Two women's clubs, the Progressive
club and Garden club, combine
with the men's Exchange club in
the advancement and beautification
of the community.

The town is clean, law-abiding
and progressive. Dairying in the
area is expanding. Newton
county has more grade A
dairies than any county in the
state, and at least one Grade
A dairy is located within the
corporate limits of the town.

A modern agricultural office
building is located in Decatur, serving
as headquarters for the county
agent, AAA, home demonstration
agent, health and welfare depart-
ments.

Current Projects

While the city is living in the
present and not the past, a current
project of the town is the improve-
ment of its cemetery. Plans for im-
proving the area into beauty spot
of the community were talked by
Mayor Munday.

Other progress plans have been
advanced for widening of some of
the business streets of the town.

The town's Negro school now
provides 12 grades and a lunchroom
is to be built to serve the school
the same as the white school.

Probably the best-known and
best-loved citizen of Decatur is
Mrs. Gallaspay, columnist for the
Newton Record.

Her story is a remarkable
one. She's 86, and is confined
to her bed with arthritis. But
from a telephone at her bedside,
she keeps a finger on the
pulse of the community and
writes a lively, timely column
of the city in that publication
each week.

She is Decatur's "ace reporter",
and this attempt at Decatur's story
probably could be better told by her.

Take another look at Decatur's
past, especially the persons for
which this area was named.

The county was named for Sir
Issac Newton, scientist. His theory
was that what went up must come
down. He did not evolve further
that where there is spirit a com-
munity will not stay down, but will
rise to new growth and development.

The city was named for Stephen
Decatur, statesman. One wonders
what he would say of the fast-grow-
ing community today.

Geographic Location

The geographic location of the
city kept it as the county seat
through the years, although bids
were made by other cities in the
section. It is reached by Highway
15, which connects with Highway
80 at Newton.

It had the first Masonic Lodge
in the county, known as Decatur

Evergreen Lodge No. 77, date of
1846.

The final charter of the town was
given in 1906.

And last, but not least, in Decatur's achievements is its pretty girls. "Miss Decatur" and "Miss Central Mississippi" are in school here.

This city, already established in
dairying which is constantly ex-
panding and improving, is seeking
industry to further encourage new

DEACTUR--Newton County Co

Businessmen of Decatur cooperate in attracting business to their town. Each week they conduct a "Treasure Chest" trade day. Pictured above are members of the city council with a "squirrel cage" where tickets to be drawn are kept. From left to right are J. Thomas Giles, G. E.

Crawford, A. J. Blackburn, Alton Graham, aldermen; Mayor Alex Munday (kneeling); Mrs. G. G. Keith, city clerk; Bill Spivey, special police; J. R. Pace, alderman; and W. H. Johnson, city attorney. Not pictured is J. T. McMullen, marshal.

Decatur is the center of government for Newton county. Pictured is the county courthouse. *1950*

Whether the subject is politics or the mystery of "flying saucers" it probably has been discussed on the steps of the Newton county courthouse at Decatur. An election for a sheriff was being held the day this group was photographed.

Mrs. Wilbur Everett, of Stratton is pictured above as she was presented the Community's \$300 award for top honors in the Newton County Rural Development Program for 1952. Mak-

ing the presentation is Jesse H. Ezell, president of the Newton County Board of Supervisors and a member of the Program's Board of Directors, while Marshall Stamper, chairman of the

Scanlan Community Program, is shown at far left, and Jodie Pennington, who gave the annual report, is shown at far right. (Read the report of this community elsewhere in this issue.)

Ask anyone in Decatur what is the principal business of the community and they will quickly say "Dairying." We ask you if pretty Miss Jeanette Massey, 19, twice chosen "Miss Decatur", doesn't make a nice picture to illustrate this industry. (Daily News photos by Jimmy Ward).

Lurline Adams

Dr. Todd stated that \$5,000 had been contributed by business people of the Program, and made the awards, assisted by key business men of the county. The awards were as follows: High person in community (\$25 each): Earl Ezell of Erin and Lucern, C. P. Brown of Sulphur Springs, Coy Addy of Stratton, Woodrow Ezell of Pleasant Valley, J. T. Boggan of Fellowship, Otho Tatum of Berry, Mack Ozborn of Union, M. O. Barfoot of Scanlan, Mack Foy of New Ireland, and Anon McMullan of Oak Grove. Lettering and painting mail boxes, 100 per cent (four communities divided \$50)—Scanlan, Oak Grove, Stratton, and Berry.

Best cotton yield—Mack Ozborn, first, \$75; Melvin Nicholson, Jr., second, \$50; and Coy Addy, third, \$25. Highest in corn yield (\$75)—Anon McMullan.

Jodie Pennington, reporting for the Scanlan Community, made a glowing resume of the Community's activity. Scanlan, winning community entrant, scored highest because of the number of community projects attempted and completed. Important among the projects was the building of two tr

rety: Second (\$200), Berry, Olen Ferguson, chairman; Billy Coleman, secretary; Third (\$100), Pleasant Valley, Aubrey Ezell, chairman; Fourth (\$50), Oak Grove, Mrs. Charles Harris, secretary.

Best individual farm program (\$100), Melvin Nicholson, Jr., Bethel.

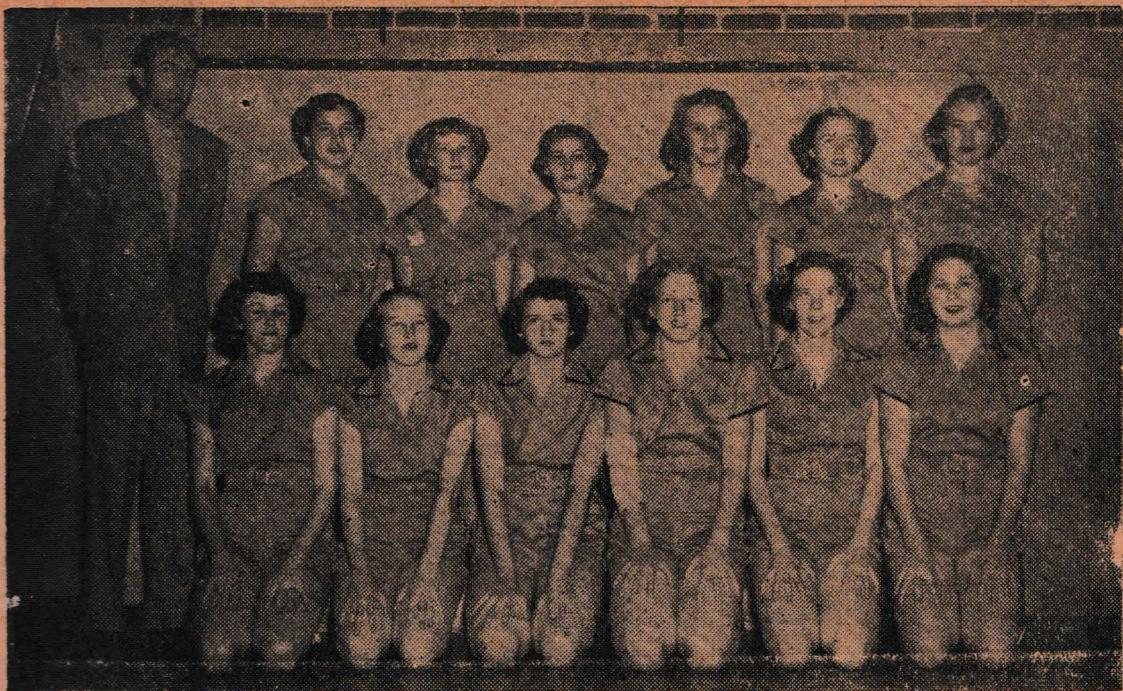

Nicholson Won Best Individual Farm Award

Scanlan Community Winning Entrant

The annual award dinner for the Newton County Rural Community Development Program was held Thursday night, December 11, in the East Central Junior College gymnasium, Decatur. The barbecued beef meal, served buffet style from tables set up in the four corners of the gymnasium, was enjoyed by approximately 500 farmers, business men, and technical workers. The invocation was said by the Rev. Wilmer H. Clay, pastor of the Decatur Methodist Church, and member of the Rural Life Commission

and two upright silos that helped community members conserve feed stuff during the drought of 1952. Telephone lines were run five and one-half miles in the community from Decatur to give members telephone service. All mail boxes were painted and stenciled with owners' names. Mechanized farm equipment was bought on a cooperative basis, individuals purchasing varied pieces and using them communally.

Many home improvements were made, including electric washing

The members of the girls' basketball team of East Central Junior College for the year of 1954-55 are as follows: Kneeling, Loretta Fox, Sue Harris, Helen Jane Townsend, Ruby Nowell, Gayla Ann Williamson and

Betty Madison. Standing, Tom Burt, coach; Kate Freeman, Shelby Jean Laird, Dorothy Brown, Hilda Wicker, Shirley Jones and Bobbie Kilpatrick.

THREE STUDENTS ARE ADDED TO HONOR ROLL

Three students, not listed on the second six weeks' honor roll previously released have achieved scholastic honors, according to a recent release from the Registrar's office.

The grades of the three students, all of whom are Agriculture Majors, were held up by the illness of their instructor. When all grades had been completed, three individuals were found to have merited recognition for outstanding honors.

Of the three, Carl Beeman rated Special Distinction; Olen Nall, Distinction and Willie Scott Jordan made the honor roll.

E. C. J. C. Defeats Wesson and Hinds

The East Central Warriorettes basketball team defeated Wesson and Hinds prior to the Christmas holidays.

On December 10th the girls defeated Wesson by a score of 62-40. The Warriorettes definitely proved themselves to be the stronger team on both defense and offense.

The Hinds Eaglettes journeyed to East Central December 14 there only to be met with overwhelming competition. The Hinds girls played excellent basketball the first minutes of the game, but could not match the Warriorettes in the second half. The East Central lasses were the victors by a score of 58-42.

ECJC

Basketball Team Wins Over Four Junior Colleges

The East Central boys' basketball team defeated Wesson, Hinds, and Woods Jr. Colleges respectively before leaving for the holidays.

December 10 the Warriors defeated the Wesson Quintet by a score of 89 to 79. The Warriors were very effective on defense. This game was played at Wesson.

Dec 14 the Warriors defeated Hinds Jr. College 87 to 60 by shooting 60% of their shots. Wayne led the scoring with 32 points. The outstanding defense was a determining factor in the victory. The entire squad saw action in this decisive victory.

The Warriors defeated Woods Jr. College 50 to 34 December 17 in the home gymnasium. The score was close until the first part of the second quarter when the Warriors went out front and maintained a good margin throughout the game. Tullos scored for 34 points, while outstanding defensive play was performed by the entire squad.

Serving Newton and Newton County For More Than 53 Years

Roberts, who shot off his gun on Christmas Eve, told his kids that Santa Claus had committed suicide.

Coach Lindsley, threw his drowning mother-in-law a bucket of hot water.

Mrs. Sullivan, who, in selling a pound of raisens, bit one in half to give exact weight.

Miss Harris took a dead fly away from a blind spider.

Coach Blount hides his wife's false teeth when they serve corn on the cob.

Mr. Pennington proposed to an old maid over the telephone, and when she accepted him, told her she had the wrong number.

And then there is the College Business Manager (Name withheld for security purposes), who if he owned the Pacific Ocean, wouldn't give a pea-mite enough water to gargle its throat with.

(Note: Just in fun, fellas, just in fun!)

This picture tattles on Decatur as a trade center. Both sides of the street are lined with automobiles as farmers from over Newton county transact business in the county seat. Officials said it was an average day.

Decatur officials recognize East Central Junior College as an important financial and cultural part of their community. Three students are pictured on the campus at Decatur. They are Barbara Sue Eakes of Morton (left); Ina Fay Simmons of Hillsboro, and Pat Shelton of Waynesboro (right).

Decatur Teacher Saw City Growth From Beginning

Decatur once had only one telephone for the use of the entire community located in a small wooden shack, according to Mrs. Susie Weathersby Newsome, teacher at East Central Junior College who has been with the school for 22 years.

Mrs. Newsome came to the school during its first year of operation as a junior college in 1928.

She recalls the day also when the town had no water lines or sanitary facilities.

The phenomenal growth of the community, aided by the school, rivalry with other towns in the area and progressive leadership, also has been an amazing revolution to her. Most of this growth occurred during the past 20 years, she stated.

0

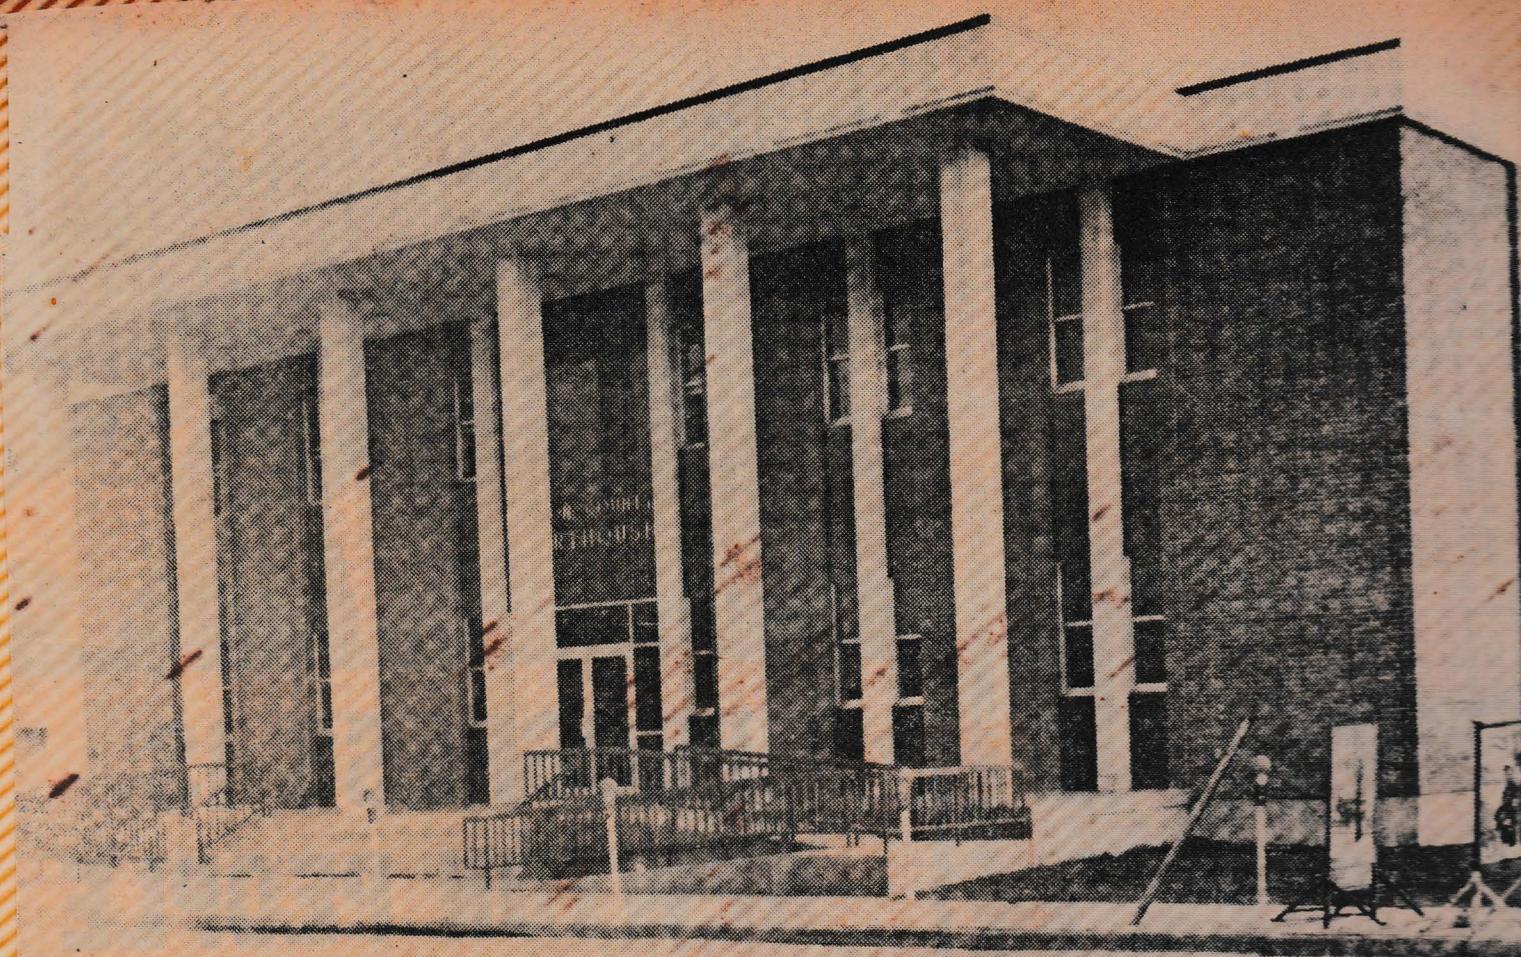

BOWING TO PROGRESS—Built in 1880 this old Hunter home which was to be demolished on Wednesday of this week to make way for a new and modern IGA Store in Decatur, located just west of the post office. Looking over the house and reminiscing over years gone by are Maston McMullan left and Homer Hunter. The house was originally built by Frank H. McMullan, father of the late Albert McMullan, and a great uncle

of McMullan and Hunter. The house was bought by Dr. and Mrs. B. F. Hunter in 1912, and there, Homer and seven of his brothers and sisters grew up. The home was bought in 1949 by Albert McMullan and then purchased in 1973 by Maston McMullan from the McMullan estate. The house has square nails in the walls and was one of the oldest homes in Decatur.

TRAPP HAS RECEIVED MASTER'S DEGREE FROM UNIVERSITY

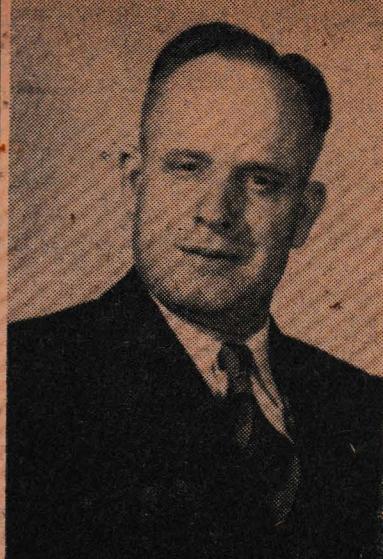

Albert Harvey Trapp received his Master of Professional Accountancy this month from Mississippi State University, maintaining membership in Phi Kappa Phi, Beta Gamma Sigma and Beta Alpha Psi. He graduated as No. 22 in the School of Business.

Trapp received his A. A. degree in Business Administration from East Central Junior College. He received his B. S. degree in Accounting in 1972 from Mississippi State University.

He has been on the ECJC faculty since February 1972, as head of the Business Administration Department, teaching Accounting and Business Law.

Mr. Trapp also has a Public Accounting office in Decatur.

He and his wife, Ann, have a five-year-old daughter, Tonya. Mr. Trapp is the son of Mr. and Mrs. B. L. Trapp of Philadelphia.

E C INSTRUCTOR DIES AFTER 10 YRS. SERVICE

East Central Junior College has suffered a great loss with the death of one of its faculty members, Mr. G. L. Palmer, Head of the Agricultural Department.

The untimely death of the beloved G. L. Palmer proved a shock to his many friends.

Born April 14, 1910, in the community of Polkville, Mississippi in Smith county of farm parents, Mr. Palmer had made great sacrifices and overcome many obstacles in his climb to his most recent appointment at East Central Junior College.

The deceased was educated in the high schools of Smith county and graduated from the Jones County Junior College and later Mississippi State College. He achieved an outstanding record while teaching at Damascus, Review, House, Union and for years at East Central Junior College.

Survivors include his wife, Mrs. Palmer and the two daughters, Beth, thirteen, and Marilyn.

Mr. Bradford Tucker has been promoted to Head of the Agriculture Department at East Central Junior College.

ECJC

Tucker Elevated To New Position

Mr. Bradford Tucker will succeed Mr. G. L. Palmer as head of the Agriculture Department at East Central Junior College. He will teach agriculture and supervise the college farm.

Mr. Thames Retires After 23 Years As A Trustee Member

Mr. J. M. Thames, a member of the Board of Trustees of East Central Junior College since February of 1931 has retired from the Board after twenty-three years of service.

During the time of Mr. Thames' service, as a board member, the college has grown from a very small institution to its present position as one of the outstanding junior colleges in the South with an enrollment of nearly 600.

Mr. Thames was one of the first students in the Newton County Agricultural High School, which was founded in 1914. He graduated

from the A. H. S. in April of 1917. Mr. Thames

ECJC LOSES A FRIEND

In 1946 Mr. Frank E. Leatherwood joined the faculty at East Central Junior College to teach biology. While he was here, he inspired hundreds of science students.

A great many of his former students and associates were saddened recently when they learned of Mr. Leatherwood's death. Mr. Leatherwood was injured in a car accident near Forest in 1968. Due to his health he was forced to retire, but he was always there if a student needed him.

When Mr. Leatherwood came to ECJC in 1946 as Professor of Biological Sciences, it was soon evident that he would become one of the most popular teachers on campus. He soon started to teach zoology and botany along with biology. He became very involved in the school and community. He sponsored both the Gun Club and the Medical Club. He was also a curriculum advisor. In the community he

was an active member of the Clarke Venable Baptist Church. He also worked a great deal with the Boy Scouts as Science Counselor and with the Cub Scouts as Club Master.

He was honored in 1962 when he was named to the Who's Who in American Education. He was an active member of the Mississippi Academy of Science and the Mississippi Education Association.

East Central Junior College honored him in 1967 by dedicating the annual to him. The announcement was made on annual day. The dedication said "... Mr. Leatherwood's untiring efforts, sympathetic understanding, invaluable advice and genuine unselfishness have endeared him to us as a teacher, advisor, and friend ... We humbly and proudly dedicate the 1967 WO HE LO to you, Mr. Leatherwood." The faculty and students were elated over the annual's choice.

(Continued from Page 1 . . .)

have four children; a son Frank E. Leatherwood II and

He is survived by his wife, Mrs. Nera H. Leatherwood, a son Frank, and three daughters, Mrs. Patricia Ann Cumberland, Mrs. Diana Lynn Turner, and Mrs. Nenette Measels.

Mr. Leatherwood, who was originally from North Carolina, received his A.A. Degree from Mars Hill College in North Carolina in 1938. He received his B.A. Degree in 1940 and his M.A. Degree in 1942 from Wake Forest College which

three daughters, Patricia Ann Cumberland of Greeley, Colorado, Deana Lynn Turner of Starkville, Mississippi and Nenette Leatherwood of Decatur. Nenette is a student at William Carey College in Mississippi.

Before the funeral the family requested that no flowers be sent; instead, they requested money which would be placed in a memorial fund. The Frank E. Leatherwood memorial fund has been set up through the Peoples Bank of Decatur. It is a scholarship fund for medical students who come to ECJC and are low on funds.

In the latter years of his life, he and his wife built a new home, which is located across from the married student apartments.

Leatherwood joined the ECJC faculty in 1946 and served as instructor in Biology, Botany and Zoology until 1968. During that time, he served as sponsor of the Medical Club, Gun Club and curriculum advisor for biological science majors.

Leatherwood received the A.A. degree from Mars Hill College, and the B.A. and M.A. degrees from Wake Forest College. He did postgraduate work at LSU, Gulf Coast Research Lab., and Cornell University.

is also in North Carolina. He did additional studies at Louisiana State University, Gulf Coast Research Laboratory and Cornell University.

Free time was a rarity to Frank Leatherwood, for he had plenty of hobbies to keep him busy after school hours. He was a gun collector, and he repaired and refinished many of the guns he collected. It seems as if his major hobby was fossil collecting. He and his son and Henry Conerly, associate professor of biology at ECJC, discovered the bones of an atchaeocete whale (technically known as the Zueglodon or Basilosaurus) southwest of Lake, Mississippi. It was required in his courses for the students to take field trips. He also enjoyed stamp collecting, tropical fish, and woodworking. He filled his house with articles made of wood, from picture frames to desks.

One of Mr. Leatherwood's former students is Mrs. Bev-

erly Henry Oiphant. She was a student at ECJC between the summer session of 1957 and the end of January 1959. She worked as Mr. Leatherwood's laboratory assistant and substitute teacher in biology to help herself through school. Every time Mrs. Oiphant needed a recommendation she wrote Mr. Leatherwood who would send her one as soon as he could. Today she is on the Board of Trustees at George Washington University and she works on the stall, as a doctor, of the Veteran's Hospital. She also works for the improvement of other hospitals in the Washington D.C. area.

No one could be prouder of Frank Leatherwood than his family especially his wife, Mrs. Nera Holt Leatherwood. When she talks of Mr. Leatherwood and the deeds he has done, anyone can see in her face the love and pride she has for him. The Leatherwood's

(Continued on Page 4 . . .)

Leatherwood, being dedicated to the field of science for so many years, hoped that some day he would be able to teach again. Hopefully, someone truly dedicated as this man was will be presented the scholarship this

DR. TUCKER

Tucker began his employment at Central as Vocational-cultural teacher in 1951. He later as college Agricultural instruc-Farm Manager before assum-Dean's position in 1961. Also taught Sociology at ECJC s taught graduate courses in ional foundations and in Junior Administration for Mississippi University.

In the past three years Dr. Tucker has been designated by the college to be with the Alumni Association and coordinate the annual Homecomings in addition to the usual responsibilities.

On his coming to East Central, Tucker served two years in the Navy during World War II. He taught for two years at Benton School in Yazoo County.

Tucker is the senior member of Mississippi Public Junior College Association and the only member still serving as Dean. Tucker has served as president CJC Faculty Club, president Dean's Association, president Decatur Exchange Club, Master of local Masonic Lodge, and Chairman of Deacons at Decatur Baptist Church.

Tucker has represented the Mississippi Association as a delegate to the American Vocational Association. He has served as a leader at the Eastern Leadership Conference for College Administrations at Mississippi State University.

Tucker is a member of the Faculty Club, State Junior Col-

FORMER ECCC BAND MEMBERS--Members of the fall 1982 East Central Community College Warri or Marching Band were among various groups and classes who received special recognition during Homecoming activities held October 10, 1992 on the Decatur campus. What Are Girls Wearing?

RECEIVES DRAMA AWARD—Awards for the most outstanding drama students the past year at East Central Junior College, Decatur, were made by Bruce Peterson, department director. Receiving the highest award of the night was Jimmy Gaines of Decatur, ECJC Players award, Best Actor and Most Congenial award for his performance in "The Male Animal" and "Camelot."

Last year Gaines won the ECJC Best Actor and Most Congenial award for appearing in "Father of the Bride" and "Hello Dolly."

He is the son of Mr. and Mrs. Roger Gaines of Decatur and graduated from Decatur High School and East Central. He will be leaving soon for training at Lackland Air Force Base, San Antonio, Tex.

WINS FIRST

Delores Welford [standing right] of Decatur, a junior cosmetology student at East Central Junior College was recently selected the first place state winner in the Mississippi VICE Skill Olympics. Miss Welford was judged on trend cut, permanent wave and color, and trend style with daytime and evening comb out. Delores will represent Mississippi in the National VICA Skill Olympics to be held in Birmingham June 26-30.

Also pictured are Debbie Goodwin [seated] of Newton, also a cosmetology student at ECJC who served as Delores model and Mrs. Shirley Hurt, cosmetology instructor at East Central

PRESENTS COMPUTER TAPES - Representatives of Mu Alpha Theta, an organization composed of math students at East Central Community College in Decatur, recently contributed 24 computer tapes of mathematical software to the two-year institution and are shown making the presentation to Dr. Eddie Smith, college president. The software, prepared by the Department of Mathematics at the University of Arizona, includes three categories: **ARE YOUR READY?**, **SLIDE SHOW** and **TOOLKITS**. Pictured are (from left) Mrs. Lois McMullan, East Central math instructor and club sponsor; Kevin Winstead of Forest, chapter president for 1990-91; Dr. Eddie Smith; and Tam Cooper of Decatur, chapter president for 1991-92. Retirement Reception

A reception was held Sunday, May 6, in the home of Mrs. James B. Everett, right, of Decatur honoring Mrs. Alyne Simmons, center, in recognition of her retirement from East Central Junior College. Her husband, Mr. Simmons, left, was on hand to share in the occasion with her. Mrs. Simmons has long been an outstanding faculty member at East Central Junior College. Many friends and former students visited in the afternoon to pay tribute to her. (Staff photo by Lois

CC STUDENTS CONSTRUCT HOUSE - Students enrolled in carpentry program at East Central Community College are shown in front of a house they are constructing for fall semester project. Materials for the house are furnished by customers and students complete the project under the direction of the college's carpentry instructors. Pictured are (kneeling in front) Doug Williams, Conehatta; David Hollis, Forest; Kelly, Carthage; Tommy Warnsley, Forest; (standing from left) Jerry Welch, Philadelphia; J.P. Viverette, Sebastopol; Andre Thomas, Forest; and Thomas Newman, McComb. (EC Photo)
